people who are on the public payroll in Omaha. When he talks about these...I don't if he mentioned a George Garnett, but this man is on the federal payroll with an agency and their agency says whatever the city wants to have them say. So their interest is tainted. He may have mentioned a Mr. McVoy and I notice every time they give his name, they mention him as a member of the Omaha Board of Education but he is really a member of the Omaha Housing Authority, and he has an interest from the standpoint of the Housing Authority accumulating this land in other areas and that is why he is favor of letting them destroy the middle of a housing project development. There are many issues which need to be addressed. And Senator Newell's resolution is ill-advised and ill-conceived. So in order that the issue will remain where it ought to be, I am asking that you kill this resolution and not put the Legislature on record in favor of a project that it doesn't understand which can breed litigation and which could put the state in a very embarrassing position. Because I think if the Legislature pushes the Department of Roads forward, then there could be a type of liability that would accrue to the state as a result of that particular action. So I am asking that you put this matter to rest and vote in favor of the motion that I have up there.

PRESIDENT: The motion before the House then is the motion to indefinitely postpone LR 189. All those in favor vote aye, opposed nay. We are voting on the motion to indefinitely postpone LR 189. Well, Senator Chambers, what do you wish to do? Call of the House? Record the vote.

CLERK: 9 ayes, 17 nays, Mr. President, on the motion to indefinitely postpone.

PRESIDENT: The motion fails. Now do you want to... Mr. Speaker, do you want to recess now and take this up after lunch, or the resolution? I believe that is what you wanted. So, Senator Newell, do you want to... does anybody want to move to recess then until two o'clock? Yes, he wants to read some things in.

CLERK: If I may, Mr. President, very quickly, the Enrolling Clerk has presented to the Governor LBs 320, 406, 551, 553 and 554. That's all that I have.

PRESIDENT: Senator Newell.

SENATOR NEWELL: Mr. President, I move we recess until two o'clock this afternoon.
